

Welcome to the wonderful world of scuba diving. In this scuba experience you and your family (kids over 10 years old) will have the opportunity to experience the fun of scuba diving in a confined water environment where your safety is our first priority.

The scuba experience is 2 hours long. We begin with a dive brief and run through your equipment and gear setup. Spend about an hour underwater having a lot of fun together.

This is the introduction to an Open Water Scuba Diving certification and does not qualify you in any way as a scuba diver however will make a big difference to your **Scuba Warrior** course if you decide to continue the adventures underwater with us.

Our sincere thanks to the Terrigal/Wamberal RSL Sub Branch for funding this experience and providing a sausage sizzle for our scuba divers to enjoy after their dive.

Booking is essential as numbers are limited due to tanks and gear required.

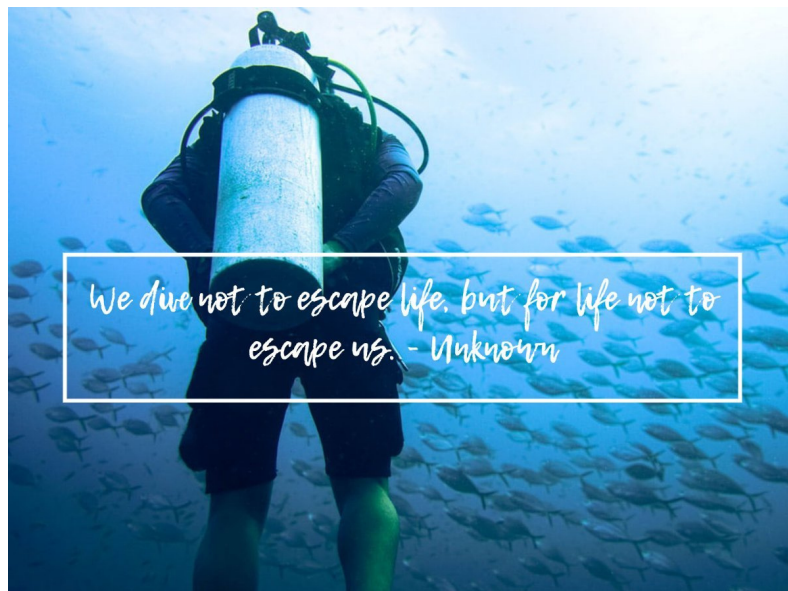

**Date:** 5th November 23
